

THE FASCINATING CITY

Kyoto has a worldwide reputation of being a traditional, old-fashioned city and is a former capital of Japan. Many tourists come to Kyoto to enjoy the attractions, including numerous shrines and temples and traditional Japanese cuisine. Kyoto is also a center of research and development known for many state-of-the-art technologies, such as semiconductors and electronic components. In addition to the rich regional culture of Kyoto, you can experience Japan's culture of "hospitality." Please come to the Japanese *oldest city and talk newest stories on carbons.*

VENUE

Miyako Messe is one of the largest convention centers in Kyoto. It is located in the culturally rich Okazaki area. From Kyoto station, the conference venue takes 30 minutes by subway and walk.

TRANSPORTATION

The travel time from Kansai International Airport to the Kyoto station is approximately 90 minutes by Limousine bus or Kansai Airport Limited Express (Haruka).

The journey from Tokyo International Airport (Haneda) to Kyoto is three hours on the Shinkansen.

CARBON 2020

CARBON2020 / The World Conference on Carbon
Tradition and Innovation: Carbon in Kyoto

Date: 28th, June (Sun) – 3rd, July (Fri), 2020

Organizer: The Carbon Society of Japan, Science Council of Japan
<http://www.tanso.org/carbon2020/>

INVITATION

The Carbon Society of Japan, cordially invites you to participate in CARBON2020. It is the first time in 12 years in Japan after CARBON2008 in Nagano. The purpose of this innovative and comprehensive forum is to introduce the latest research and development on carbon science as well as their applications.

Chair Person

CARBON2020 / The World Conference on Carbon

CARBON2020 HIGHLIGHTS

28th, June – 3rd, July

Technical Program:

- Oral Presentations
- Poster Presentations (Snacks & Sake will be served)

Social Program:

- Welcome Reception (28th, June: @Miyako Messe)
- Free Tourism (2nd, July : 1day free bus and subway ticket in Kyoto city, award ceremony and banquet at TOEI Kyoto Studio Park (EIGAMURA)
<http://www.toei-eigamura.com/en/>

SESSION TOPICS

- Session 1: Nanocarbon; Graphene, Nanotube, Fullerene
- Session 2: Electrochemistry and Applications
- Session 3: Adsorption, Reactivity and Catalysis
- Session 4: Physical Properties and Characterization
- Session 5: Carbonization and Graphitization
- Session 6: Environmental Applications
- Session 7: Biological and Medical Applications
- Session 8: Carbon Fibers and Composites
- Session 9: Cokes, Coals and Carbon Blacks

AWARDS

PROFESSIONAL AWARDS

Japan Carbon Award for Eminent Contributor (innovative researcher)
Japan Carbon Award for Young Researchers

STUDENTS AWARDS

Japan Carbon Award for Students; excellent posters

CONFIRMED PLENARY SPEAKERS: THE NOBEL PRIZE IN CHEMISTRY 2019

Dr. Akira YOSHINO,
Honorary Fellow,
Asahi Kasei Corporation, JAPAN
Winner of The Nobel Prize in Chemistry 2019
"for the development of lithium-ion batteries"

OTHER CONFIRMED PLENARY SPEAKERS

Prof. Teresa J. BANDOSZ,
The City College
of New York, U.S.A.

Prof. José RIVERA UTRILLA
University of Granada,
Spain

Prof. Kenichiro ITAMI,
Nagoya University,
JAPAN

Prof. Jin ZHANG
Peking University,
P. R. China

Prof. Magdalena TITIRICI
Imperial College
London, U.K.

INTERNATIONAL ADVISORY BOARD

Name	Country	Name	Country
Yuan Chen	Australia	Elzbieta Frackowiak	Poland
John Zhu	Australia	François Béguin	Poland
Juan Matos Lale	Chile	Jacek Przepiorski	Poland
Yongsheng Chen	China	Artur. P. Terzyk	Poland
